

Description

Super convenient refrigerated preparation counter fridge provides simple safe storage and a useful worktop. The cabinet also benefits from 1/4 or 1/2 GN pan spaces raised at the rear of the work surface, making it ideal for salad, pizza, wraps or sandwiches. There is a useful lid which covers contents between sessions.

The under counter storage (GN 1/1) maximizes valuable available space with three easy loading doors. Storage temperature of the open-well will vary according to ambient temperature around the cabinet.
